

# BIKIRA® Karanja Seed Oil

Moisturizing, natural oil from Karanja,  
rich in vitamins, nutrients and essential fatty acids

## INCI: Pongamia Glabra Seed Oil

### Applications

- 100 % pure Karanja seed oil (cold pressed)
- Has a natural sun protection boosting property
- It naturally protects against the sun's UV rays
- A natural antioxidant
- Long lasting moisturization
- Non-hydrogenated, biodegradable
- Skin and hair emollient
- Excellent for hair and skin conditioning
- Has a milder, more versatile aroma than Neem Oil that is often described as nutty
- Pleasant aroma that is much more versatile for use in cosmeceutical applications

- In skin care: Karanja oil is used to treat skin ulcers, dandruff, to promote wound healing and for sunscreen
- For dry & Itchy skin: Apply a few drops of Karanja Oil blend directly to skin. Massage into dry and cracked areas. Repeat 2-3 times a day.
- For nails: Use Karanja Oil on finger and toe nails. Apply few drops directly to the cuticles and gently massage in until absorbed.
- Itchy scalp: Apply Karanja Oil directly to hair line
- Moisturizers: Karanja Oil highly recommended for inclusion in moisturizers and hair care products where emolliency is desired.

- Palmitic
- Oleic
- Linolenic
- Behenic
- Linoleic
- Eicosenoic
- Stearic
